Career Objective

Aspiring AI/ML Engineer with hands-on experience in real-world projects including data science and full-stack development. Eager to contribute technical, networking, and collaborative skills to innovative teams and build a strong career in intelligent systems, networking, and data-driven technologies.

Technical Skills

Programming Languages: Python, SQL, HTML, CSS, Power BI

Frameworks & Libraries: Scikit-learn, TensorFlow, Django, Pandas, NumPy, BeautifulSoup

Tools & IDEs: Visual Studio Code, Jupyter Notebook, Excel

Concepts: OOP, Data Analysis, Machine Learning (SVM, Random Forest, Logistic Regression, Decision Trees, Naive Bayes)

Networking: Layered Networking Protocols

Robotics & Automation: Basics of robotics, sensors & actuators, control systems, robotic process automation (RPA) concepts, and integration of AI/ML for intelligent automation

Academic Projects

- Cryptocurrency Price Prediction System – Predicted cryptocurrency prices using historical data and ML models.
- Money Laundering Detection System – Detected suspicious financial transaction patterns using ML.
- Poultry Farm Management System – Managed inventory and health records in poultry farms.
- Heart Disease Diagnostic Analysis – Built a logistic regression model to assess heart disease risk.

Internship Experience

- Data Science Intern – Unified Mentor (2025) – Worked on real-time data analysis and ML models. Integrated frontend using HTML, CSS, JavaScript.
- Python Programming Intern – Institutional Internship Program – Strengthened Python logic and problem-solving. Gained hands-on experience with core programming tasks.
- Full Stack Web Development Intern – Dotch Endeavours Pvt. Ltd. (2023) – Frontend: HTML, CSS, JavaScript, Bootstrap, React. Backend: Core Java, Spring Boot, JDBC, Servlets.

Education

- B.E. in CSE (AI & ML) – Don Bosco Institute of Technology, Bengaluru – 7.45 CGPA (2025)
- Diploma in Automobile Engineering – PVP Polytechnic, Bengaluru – 63% (2021)
- SSLC – ST Lawrence High School, Bengaluru – 75.68% (2018)

Certifications

- Data Science Internship – Unified Mentor (2025)
